WHAT IS FIX-IT?

The Fix-It Team, led by Fix-It Director Sandra Zuniga, partners with residents and city agencies to improve the quality of life in San Francisco neighborhoods. We collaborate with residents to identify safety and cleanliness concerns in neighborhoods, then coordinate with the responsible city departments to deliver services better and faster. Throughout the entire process we will meet with you in person, spend time your community, communicate with you, respond to your questions and report back with results.
